POLICIES AND PROCEDURES

ADD/DROP POLICY
1. Schedule changes: Student schedules are normally developed during the summer. A great deal of time and effort goes into the construction of a student’s schedule. Completed schedules will available on Campus/Parent Portal in August. Schedule changes will not generally be made after school begins.

SCHEDULE CHANGES WILL ONLY BE MADE FOR THE FOLLOWING REASONS:
   a. Computer error
   b. Teacher recommendation
   c. Medical reason
   d. Inappropriate placement
   Counselors WILL NOT make significant changes without conferring with a parent/guardian signature (unless designated to do so by administration, e.g.: attendance, behavior, etc.).

2. Students are expected to complete the classes in which they enroll and can only drop for one of the reasons listed above. If a class is dropped, the grade on the report card will be as follows:
   a. Before the end of week 4 - Nothing will appear on your report card or on your permanent record if a semester class is dropped before the end of week 4 or if a yearlong class is dropped before week 4 of the first semester.
   b. During weeks 5-9 - A grade of W will appear on your report card and on your permanent record for semester classes dropped during weeks 5-9. This is also true for yearlong classes dropped during weeks 5-9 of the first semester. This grade does not affect your grade point average.
   c. After week 9 - A semester class dropped after week 9, or a yearlong class dropped after the 9th week of the first semester will appear on your report card. The grade will be a W if you were passing or an F if you were failing. The grade will appear on your permanent record. A grade of F will be included in the calculation for class rank.
   d. No class may be dropped or grade changed (except I) after the end of the semester.

3. Policy for Incomplete (I) grades - Students have ten (10) school days after the last day of first semester and (10) business days after the last day of second semester to make up work for any class in which they received an Incomplete (I) grade. If a student has an "I" and does not complete it within the 10 days, the student will receive the grade earned based on the percentage. Students who are unable to make up the required work within the ten (10) school days may petition for a deadline extension. Completed petitions must be returned to the building secretary within ten (10) school days after the last day of the semester.
4. **Advanced Placement** – In the case of an AP (Advanced Placement) class, students are able to drop the course no later than the Friday of the third week of school with no mark on the report card. During weeks 4-9 of the course, students must remain in the class but are allowed to utilize an alternate syllabus provided by the teacher but will not receive AP credit. After the 3rd week there will be no complete drops allowed from the course.

**AGE OF MAJORITY**
If you are 18 years of age or older, you will be treated as a legal adult. As a student 18 years of age or older, you must obey school rules and regulations according to state laws. Whether you are under 18 or older, you are held accountable in terms of grades and discipline for your attendance and conduct in school. If a student 18 years of age or older wants to have all mailings from the school addressed to him/her, he/she must make that request in writing and a copy of that request will be sent to the student’s parents. Request forms are available in the attendance office.

**ALCOHOL, TOBACCO & CONTROLLED SUBSTANCES**
Possession and/or use of alcohol and tobacco, (including electronic cigarettes), are forbidden by state law to anyone under the age of 21 and 18 respectively. Possession and use of controlled substances without a prescription is illegal at any age. State law also requires schools to hold all students to the same rules and regulations of conduct, regardless of whether the student is older than or younger than 18. Students may be subject to breathalyzers at school events.

The school board does not permit the use or possession of tobacco, (including electronic cigarettes), alcohol or controlled substances on school premises, at school activities or on school buses. This includes, but is not limited to, such drug paraphernalia as one hitters, bongs, pot pipes, etc.

Design and/or manufacture of drug paraphernalia or other items for the purpose of using illegal drugs, tobacco, (including electronic cigarettes), or other controlled substances on school property will be considered a violation of the District 728 Chemical Health Policy and will result in school consequences and a police referral. Items containing tobacco, alcohol, controlled substances, prescriptions and over-the-counter medications or mood-altering drugs (i.e.; No-Doze, diet pills, diet supplements, etc.) are subject to confiscation by school authorities, and in the event of confiscation will be made available to the student’s parent or guardian by appointment or to the legal authorities. If it is determined that there has been abuse of over-the-counter substances it will be considered a violation of the Chemical Health policy and subject to consequences.

1. Guidelines of Student Chemical Use:
   a. Students disclosing their use of chemicals for the purpose of obtaining help with the problem will be treated in a non-punitive way by school personnel.
   b. Students apprehended using, possessing and/or exchanging such substances will be treated according to existing school procedures as in student handbooks, including notification of law enforcement agencies, and the application of school suspension and/or expulsion procedures.
   c. In the event treatment outside the school district becomes necessary, every effort must be made to affect a successful continuation in or re-entry into the school community.

| Students found selling or distributing illegal substances will be recommended for expulsion according to district policy. |

2. School personnel should help chemical abusing students to seek supportive and rehabilitative services. School personnel will provide:

ATTENDANCE POLICY

Elk River High School recognizes the direct relationship between attendance and achievement. Regular attendance in class is necessary if students are to receive adequate guidance through their class work and benefit from the instruction. ALL STUDENTS ARE EXPECTED TO ATTEND CLASS EVERY SCHOOL DAY.

General Information

• All students and parents are responsible for making sure the student attends class and is punctual every day school's in session.

Parents are responsible for contacting the school by calling the attendance office (763) 241-3431 or by sending a note within 24 hours of the student being absent.

• Examples of excused absences include: illness, medical or dental appointment, court, death in the family, funerals, interviews for college, vocational school or military (pre-approved by school and verification provided), school business or school-sponsored trips, state/region participation, ISS, suspension, late bus, severe weather, tests administered by school and college personnel (verification of attendance is required), completion of driver’s test or permit test (up to ½ day) and religious holidays. All other absences are unexcused unless determined otherwise by administration.

• Full day absences (AU) will be defined as a student who misses 1 period or more.

• Administration will be the final authority in determining whether an absence will be excused or not.

• A doctor’s note is required for absences that extend beyond three consecutive days or ten total absences due to medical reasons. The doctor’s note must be provided within three days of the request.

• Students must have a doctor’s statement to be excused from physical education for an extended period of time.

• Students are responsible for making up missed assignments.

• The students and parents/guardians are encouraged to conference with school officials whenever attendance issues arise.

Unexcused Absences

• Consequences for skipping class may be assigned by teacher and/or administration. These consequences include, but are not limited to, detention, loss of parking privileges, parent conference or involvement by county social services and/or the court system for truancy.

• Parents will be notified of unexcused absences through the automated calling system. As required by state law, the school will send letters to parents/guardians at regular intervals to notify them of excessive unexcused absences. When a high school student accumulates seven full or partial days of unexcused absences, it is considered habitual truancy and the school will file truancy with county social services and/or court system for truancy.

• Students that incur 15 consecutive full days of unexcused absences will be unenrolled from ISD 728 per state statute.

Tardies

• Consequences may be assigned by teacher

• High school students are expected to be punctual.
The first bell is the warning bell. The second bell indicates the beginning of class. Students who come to class after the second bell are considered tardy.

AFTER SCHOOL ACTIVITIES AND ATHLETICS
You must be in school at least half the day of the contest or receive prior permission from the Administration in order to participate. Participation includes practice and competition. Regular school attendance policy applies. Any student who participates in high school league and other school-sponsored activities who are assigned all day in school suspension, dismissal or suspension from school will be ineligible for practice and/or competition on that day. Students who are truant for any part of the day will be ineligible to participate on that day.

SKIP DAY: “Skip Days” are not authorized by the administration and will be considered unexcused. School consequences may be assigned. If the administration is alerted of a possible “skip day” on a particular date, students may be required to provide additional verification for absences on that date to be excused.

VACATIONS: A Vacation Request Form signed by the parent/guardian should be submitted prior to the vacation to guarantee that the absence will be excused. The student should request make up work ahead of time and try to keep up with the rest of the class while he/she is gone.

BUILDING PASSES
Students who have to leave assigned rooms to go to the office or to see other teachers are to have building passes signed by the teacher in charge before leaving, and signed by the person whom you wish to see before returning. Students may go only to the area designated on the pass. Passes must have teacher signatures and times.

BULLYING PROHIBITION POLICY
ISD 728 strives to provide safe, secure, and respectful learning environments for all students in school buildings, on school grounds, on school buses, and at school-sponsored activities. Bullying is conduct that interferes with a student’s ability to learn and a teacher’s ability to educate. The Bullying Prohibition policy protects students against bullying and retaliation by other students.

It’s important to understand the DEFINITION of bullying...

“Bullying” is objectively offensive intimidating, threatening, abusive or harmful conduct directed by a student toward one or more students: when either (1) there is a real or perceived imbalance of power between those involved and the conduct reoccurs or forms a pattern; or, (2) the conduct materially and substantially interferes with the student’s educational opportunities, performance, or ability to participate in school functions, activities or programs.

Simply put, bullying is behavior that is unfair and one-sided (imbalance of power). It happens when someone keeps (repeated over time) hurting, frightening, threatening or leaving someone out on purpose (intended to harm).

“Cyber bullying” is bullying that occurs when an electronic device, including, but not limited to, a computer or cell phone, is used to transfer a sign, signal, writing, image, sound or data and includes a post to a social network, Internet website or forum. Cyber bullying that takes place off school property may be subject to disciplinary action if it substantially and materially disrupts the student learning or school environment.

Bullying behavior is prohibited:
1. on school property, school district-provided transportation, or at designated locations for students to wait for school district-provided transportation.
2. during any school-sponsored or school-sanctioned program, activity, event or trip.
3. using school computers, electronic technology, networks, forums or mailing lists.
4. using electronic technology off the school premises that materially and substantially disrupts a student’s learning or school environment.

Retaliation is prohibited by any student. Filing a false accusation of bullying is also prohibited.

It is important to REPORT bullying!

Students: Students who believe that they have been bullied or have witnessed bullying are strongly encouraged to bring their concerns to the principal/designee, but may bring their concerns to any school employee. Anonymous reports may be made via the school’s Bully Box or online via the school’s website. However, no disciplinary action will be determined solely on the basis of an anonymous report.

CANINE SEARCHES-USE OF CANINES

In an effort to help foster a safe and drug free school environment, ISD. 728 may ask law enforcement to use a canine trained in detecting drugs or explosives to sniff the air surrounding lockers, school facilities, vehicles parked on school property, and items of personal property that are not on a student person but are on school property. Students generally have no expectation of privacy in the air or odors surrounding spaces such as school lockers, school facilities, vehicles parked on school property, or items that are not on their person but are on school property. The district will not use a canine, or request that a canine be used, to sniff a student’s person or in any other manner that violates the law. If a trained canine indicates that a locker, vehicle, or item of personal property contains a prohibited item, the district will have reasonable grounds to search the locker, vehicle, or item or to request that law enforcement conduct a search. In its discretion, the district may ask a student to cooperate with the search. If a student refuses a district employee’s request or directive to cooperate with a lawful search, The district may impose discipline for insubordination in accordance with the Pupil Fair Dismissal Act. The severity of the discipline will be at the discretion of the district and will depend on the circumstances of the case. If a search is conducted and a prohibited item is found, school rules and applicable laws will be applied. In some cases, law enforcement may secure, impound, or seize a vehicle or other personal property that is found to contain an illegal item. All contraband will be seized. This handbook, including the provisions relating to the use of canines, must be interpreted and applied in a manner that is consistent with applicable federal and state laws.

CLASSROOM FEES

Public education in Minnesota is free to all students who are residents. However, fees may be charged to you under the following circumstances:
1. A project in art, FACS, industrial arts or some other course that is in excess of the material requirements of the minimum course outline, provided that the student elects to do such a project with the approval of the instructor. Fees may be charged for these classes. A list of fees can be found in the registration booklet linked here: https://www.isd728.org/cms/lib/MN01809549/Centricity/Domain/1183/2019-2020%20Registration%20Guide.pdf

   The student may elect to take projects home and the cost of such projects must be paid if school materials are used. Students may provide their own materials for such project, again with the approval of the instructor. A student may still receive full course credit without fee payment.
2. Cost of school equipment or materials, including textbooks and library books, destroyed or broken or unduly damaged through the carelessness or failure to follow instructions in the amount necessary to restore the item involved to service. Deposit for lab or shop breakage; such deposit to be returned at the end of the school year in the unused amount. This deposit is applicable only if the student is enrolled in a course involving laboratory or shop work.
3. Costs of field trips that are made available from time to time but are not required as a part of the course, should the student elect to participate in the field trip.
4. Cost of the yearbook, graduation announcements or class rings, should the students elect to order any of these items.
5. Admission fees for concerts, plays, athletic events, and other programs or activities that the students may attend at their option.
6. Fee payments can be made online, via the Campus Parent Portal. Unpaid fee obligations may result in loss of privileges, such as future parking permits, prom tickets, etc. Ultimately, unpaid fee obligations may be sent to the school district’s collection agency.

**DETENTION**

- Administrators and teachers assign school detention for a variety of school infractions. Detention may be served before or after school Monday through Friday.
- Detention assigned by the teacher will be served with that teacher. If assigned by an administrator, the student may serve detention in In-School Suspension (ISS) room after school or study hall room before school.
- The length of detention is to the discretion of the teacher or administrator.
- Refusal to make up detention or in-school suspension is considered insubordination and may result in suspension.

STUDENTS WHO DO NOT MAKE UP DETENTION OR OTHER CLASSROOM OBLIGATIONS WILL NOT BE ISSUED A PARKING PERMIT AND WILL NOT BE ALLOWED TO PARTICIPATE IN SCHOOL ACTIVITIES. SENIORS WILL NOT BE ALLOWED TO PARTICIPATE IN GRADUATION CEREMONIES UNTIL ALL SUCH OBLIGATIONS HAVE BEEN COMPLETED.

**DISCIPLINE POLICY-isd 728**

1. **Statement of Policy.**
   The school board recognizes that individual responsibility and mutual respect are essential components of the educational process. The school board further recognizes that nurturing the maturity of each student is of primary importance and is closely linked with the balance that must be maintained between authority and self-discipline as the individual progresses from a child’s dependence on authority to the more mature behavior of self-control.

   All students are entitled to learn and develop in a setting which promotes respect of self, others, and property. Proper positive discipline can only result from an environment which provides options and stresses student self-direction, decision-making, and responsibility. Schools can function effectively only with internal discipline based on mutual understanding of rights and responsibilities.

   Students must conduct themselves in an appropriate manner that maintains a climate in which learning can take place. Overall decorum affects student attitudes and influences student behavior. Proper student conduct is necessary to facilitate the education process and to create an atmosphere conducive to high student achievement.

   Although this policy emphasizes the development of self-discipline, it is recognized that there are instances when it will be necessary to administer disciplinary measures. The position of the school district is that a fair and equitable district-wide student discipline policy will contribute to the quality of the student’s educational experience. This discipline policy is adopted in accordance with and subject to the Minnesota Pupil Fair Dismissal Act, Minn. Stat. §§ 121A.40-121A.56.

   In view of the foregoing and in accordance with Minn. Stat. § 121A.55, the school board, with the participation of school district administrators, teachers, employees, students, parents, community members, and such other individuals and organizations as appropriate, has developed this policy which governs student conduct and applies to all students of the school district.
2. Responsibilities of Parties:

A. **The School Board.** The school board holds all school personnel responsible for the maintenance of order within the school district and supports all personnel acting within the framework of this discipline policy.

B. **Superintendent.** The superintendent shall establish guidelines and directives to carry out this policy, hold all school personnel, students, and parents responsible for conforming to this policy, and support all school personnel performing their duties within the framework of this policy. The superintendent shall also establish guidelines and directives for using the services of appropriate agencies for assisting students and parents. Any guidelines or directives established to implement this policy shall be submitted to the school board for approval and shall be attached as an addendum to this policy.

C. **Principal.** The school principal is given the responsibility and authority to formulate building rules and regulations necessary to enforce this policy, subject to final school board approval. The principal shall give direction and support to all school personnel performing their duties within the framework of this policy. The principal shall consult with parents of students conducting themselves in a manner contrary to the policy. The principal shall also involve other professional employees in the disposition of behavior referrals and shall make use of those agencies appropriate for assisting students and parents. A principal, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.

D. **Teachers.** All teachers shall be responsible for providing a well-planned teaching/learning environment and shall have primary responsibility for student conduct, with appropriate assistance from the administration. All teachers shall enforce the Code of Student Conduct. In exercising the teacher’s lawful authority, a teacher may use reasonable force when it is necessary under the circumstances to correct or restrain a student or prevent bodily harm or death to another.

E. **Other School District Personnel.** All school district personnel shall be responsible for contributing to the atmosphere of mutual respect within the school. Their responsibilities relating to student behavior shall be as authorized and directed by the superintendent. A school employee, school bus driver, or other agent of a school district, in exercising his or her lawful authority, may use reasonable force when it is necessary under the circumstances to restrain a student or prevent bodily harm or death to another.

F. **Parents or Legal Guardians.** Parents and guardians shall be held responsible for the behavior of their children as determined by law and community practice. They are expected to cooperate with school authorities and to participate regarding the behavior of their children.

This policy also applies to any student whose conduct at any time or in any place interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student, other students, or employees.

3. **Rules of Conduct:**

### GUIDELINES FOR STUDENT DISCIPLINE

The following are guidelines for student discipline. The guidelines are an attempt to provide consistent, progressive consequences for student behaviors. As such, the administration may choose to move to higher or lower offenses if individual situations warrant. Each case will be judged on its individual situation. Where violations of law occur, the administration will refer students to the Elk River Police Department in addition to school discipline. The administration will make every attempt to contact parents/guardians. Any off campus behavior that has a detrimental effect or is a violation of school rules may also be subject to school discipline. For example, misconduct at school events, harassment of staff off campus, etc. Notwithstanding any provision in this policy, a violation of policy may subject a student to loss of privileges, suspension, exclusion and/or expulsion.

Second report/action: Suspension from riding any bus for up to three days.
Third report/action: Suspension from riding any bus five or more days.
Fourth report/action: Suspension from riding for remainder of year.

In addition to the above suspensions, student bus riding privileges will be suspended until plan of restitution is made for property damage on the school bus.

A more complete transportation policy can be reviewed at Vision Transportation, P.O. Box 297, Elk River MN, 441-4420. Please call us if you have a question, concern, or comment about transportation service. Thanks for being a part of our Safety Team.

RIGHT TO CONSENT

Students may not take or use photographs, video, or audio recordings of other students or staff without their permission.

DISRUPTIVE ITEMS AND SYMBOLS

Historically offensive symbols: (Confederate flags, swastikas, etc.) and nuisance articles such as spurs, laser pens, walkie-talkies and others are not allowed on school grounds.

Cell Phones: Cell phones are only to be used during passing time, lunch, and before and after school. Cell phone use is prohibited at any other time, unless under the supervision of a staff member for academic purposes. In order to protect the privacy of students and staff, cell phones and
any other wireless internet capable devices are not allowed inside of locker rooms, bathrooms, and classrooms. This is due to the picture taking and internet capabilities of the new cell phones and other such devices.

**Inappropriate and Illegal use of cell phones and online postings:** Students are warned that taking, posting, sending and receiving sexually explicit photos that are retrievable within a school facility or grounds, may result in suspension or expulsion by the school. Additionally, law enforcement officials will be notified, leading to possible arrest on serious criminal charges.

**Electronic Devices:** Electronic items such as iPods, headphones, and music players are not allowed in classrooms but may be used in other parts of the school if supervising staff permits and if they are not disruptive. Since these items are expensive and easily stolen, students choosing to bring them to school do so at their own risk.

**Administration will not investigate theft of the above-mentioned items.**

---

**DRESS POLICY**

It is the intent of Elk River High School staff and students to focus on learning and the educational process. Any apparel that is sexually suggestive, promotes alcohol or drug use, or is vulgar is not **allowed.** Students may not wear tops that may expose midriffs along with any articles of clothing that may expose undergarments. **Clothing that is fashionable may not be acceptable in the school setting.** Headwear will be allowed as long as the student’s face is visible. During testing staff reserves the right to ask students to remove headwear. In addition, staff can require students to remove headwear for safety purposes such as science labs and tech ed classes. Exceptions will be still made for religious, ethnic and medical reasons. Shoes with soles must be worn at all times. If students violate this policy, they will be sent to the office to change clothes before continuing the school day. Students who refuse to change will be sent home or to an alternative setting. Repeated infractions or failure to comply with administrators or staff members will result in further disciplinary action.

GRADING POLICY
HEALTH SERVICES

The model of Health Services in ISD728 uses a combination of Licensed School Nurses and Health Services Secretaries.

If you become ill or injured, you need to report to the Health Services office. Observe the following rules:

a. You need a pass from your teacher to come to the Health Services office. If it is between classes, report to your next class and get a pass to come unless it is an emergency.
b. Health Services personnel will log you in when you arrive and log you out when you go back to class.
c. Health Services personnel will determine if you need to go home. **If you do not go through the Health Services office and you go home on your own, it will be counted as unexcused** and detention may be assigned.

**IMPORTANT:** Update your online registration to ensure we have current emergency contacts.

**Medication Law:** The Minnesota Medication Law emphasizes that Health Services personnel will give medication at school only in exceptional circumstances when your health may be jeopardized without it. If you need to take medications as school, the law states we can give medication only under the following conditions:

a. We need written authorization from your parent/guardian.
b. We need a written order from a doctor/licensed prescriber.
c. Medication must be kept in the Health Services office in a currently labeled pharmacy bottle/original packaging. You need to ask your pharmacist to prescribe duplicate bottles of the prescription. One bottle should be kept at home and the other at school.
d. Authorization forms for giving medication in school are available in the Health Services office. If you have any questions, ask or call Health Services personnel.
e. Inquire through the Health Services office about current laws regarding self-carry medications and school requirements.

**SPECIAL NOTE:** You are in violation of this state law if you take medication outside the Health Services office that has not been processed through that office. This includes all non-prescription medications including aspirin, acetaminophen and ibuprofen.

**We care about your safety:** Narcotic pain medications will not be given at school, i.e. Vicodin, Tylenol with Codeine, Darvocet, Percocet, etc. **If you need narcotic pain medications, you are not ready to return to school.**

Dietary Supplements:
Health Services shall not administer any dietary supplements, herbal products or any products not regulated by the Food and Drug Administration.

Students involved in initiations and/or hazing may be subject to disciplinary action.

“Hazing means committing an act against a student or coercing a student into committing an act that creates a substantial risk or harm to a person in order for the student to be initiated into or affiliated with a student organization, or for any other purpose.”

Any person who believes he or she has been the victim of hazing or any person with knowledge or belief of conduct, which may constitute hazing, shall report the alleged acts immediately to an appropriate school district official designated by this policy.

PARENT AND STUDENT HOME USE AGREEMENT: CHROMEBOOK

Care and Maintenance

Students are responsible for the general care of their Chromebook. The Chromebooks are designed for school use and should be treated with care. Here are a few recommended precautions:

- Treat your Chromebook as you would any valuable electronic device.
- When not being used, store the Chromebooks in a secure place, out of sight.
- Be gentle with the screen, keyboard, trackpad, and ports.
- Don’t add stickers or markings to the Chromebook.
- Don’t eat or drink near the Chromebook.
- Avoid extreme heat or cold.
- Do not take your Chromebook apart or make changes to the hardware or system software.
- Do not lend your Chromebook to anyone.
- Report any damage to your teacher or school media center immediately.
Responsible Use

Digital citizenship is an essential 21st century skill. During the school year, your teachers and library media specialist will be reviewing appropriate online behavior and acceptable use of resources. It’s important to maintain a family dialogue about educational, recreational and social use of the Chromebook and other devices your student accesses. Chromebooks are connected to a network that is filtered for inappropriate material, but user responsibility is still the best way to avoid pitfalls in the online world. Remember Chromebook use is monitored.

Here are a few tips:

- Use Internet devices in a central location at home, rather than behind closed doors.
- Help your student to focus on completing tasks and assignments before any recreational activities.
- Help your student solve technical glitches by recording exactly what went wrong and when.
- Ensure that your child understands that he or she should not give personal information to any person or any website without checking with an adult first.
- Talk with your student about cyberbullying--encouraging him/her to be kind and to communicate clearly online.
- Advise your child that anything they post, text, or upload may be forwarded, copied, and published to anyone--including future education admissions offices and employers.
- Only registered users in ISD 728 will be able to login to the Chromebook, and all usage can be monitored.

ISD 728 agrees to:

- Provide a Chromebook for each student, including a loaner device if a Chromebook needs repairs.
- Provide filtered Internet access on the Chromebook.
- Provide Google Apps for Education and other educational applications that support learning in the classroom and at home.
- Provide a protective case.

The Student agrees to:

- Take good care of the Chromebook in all locations.
- Keep the provided case on the Chromebook at ALL TIMES.
- Bring the Chromebook to school every day, fully charged.
- Be a responsible digital citizen.
- Be gentle with the screen, keyboard, trackpad, and ports
- Use the Chromebook for educational purposes. Only pursue personal interests that align with school policies.
- Report any damage or loss, whatever the cause, to your teacher as soon as possible.
- Take responsibility for any damage or loss caused by neglect or abuse.
- Do Not take Chromebook apart or make changes to the hardware or system software.
- Follow the Student Acceptable Use Guidelines outlined in the Student Handbook. Not adhering to these guidelines may include loss of internet privileges, loss of taking chromebook home or other consequences determined by the building administrator.
- Return the Chromebook, Accessories and Case (where applicable) to ISD 728 at the end of each school year. Students who withdraw enrollment for any reason must return the Chromebook on or before the date of withdrawal.

Parents/Guardians agree to:

- Ensure your student understands appropriate care of Chromebook in all locations.
- Review the Digital Wellness Website to learn about appropriate use. Select Digital Learning under the Academics Menu
- Support student learning and the exploration of personal interests that align with school policies.
● Ensure that any damage or loss is reported to school immediately. Report vandalism or theft to the appropriate police department.
● Check that your child has the Chromebook in the approved case at all times. Damage incurred as a result of no case on the Chromebook will not be covered by the device protection plan.
● Review the optional Chromebook Protection Plan (www.isd728.org/ProtectionPlan) and enroll and pay if interested.
   ○ If you do not enroll in and purchase the Device Protection Plan, you are responsible for any repairs and replacement costs.

Parents and students will be responsible for signing a document that outlines Chromebook use and responsibility before they will receive the device. Chromebook and accessories must be returned to ISD 728 at the end of each school year. Students who withdraw enrollment for any reason must return the Chromebook on or before the date of withdrawal.

PARKING LOT POLICY
M.S.A. 123.352 TRAFFIC AND PARKING STATE LAW
1. Subdivision 1. Board power. A school board may make, adopt and enforce rules for the regulation of traffic and parking on property owned, leased, occupied or operated by the board. Notwithstanding the provisions of section 169.71, subdivision 1, a board may require that an identification sticker be placed in any vehicle parking on such property. It is the student’s responsibility to have a permit properly displayed on mirrors at all times.
   a. A limited number of parking permits will be issued to ERHS students. Students with a good attendance record will be given priority over those with a pattern of skipping during the preceding school year. No student with outstanding obligations such as fees, fines or detention will receive a permit. Sophomores will be issued permits only if space is available after requests of upperclassmen have been honored.
   b. Up to 20 student parking spots may be assigned on a daily basis for emergency reasons. A $2.00 daily fee will be charged and permits are issued by the main office.
   c. Permits will be distributed prior to the start of the school year. If applications are turned in late, they will receive lower priority. Only a specific number of permits will be distributed.
2. Students and parents sign an agreement with the school that outlines the regulations on parking.
3. The fee for a parking permit will be $90/year or $50/semester. This fee covers expenses for permits, painting, signs, and supervision of the lots.
4. Any car parked in the lot without a valid, displayed permit will be ticketed, booted, and/or towed at the owner’s expense. It is your responsibility to display the permit properly.
5. Students are not to leave the lot during the day without an office pass. Students will lose their permit if they skip and/or provide transportation for other students who skip during the school day. Also, students may lose parking privileges if their behavior is not appropriate according to school rules and policy (e.g., suspension, chronic misbehavior, detention).
6. Parking permits are non-transferable from student to student.
7. Students are not permitted to park in the visitor’s lot, assigned faculty areas, arena lot, or in the bus loading zone.
8. Firearms are not allowed on school property unless carried by a licensed peace officer.

PUPIL TRANSPORTATION
Our goal is to provide appropriate transportation for our students. We will not allow students to harass or jeopardize the safety of others on the bus. Discipline or suspension of bus riding privileges will occur for students who do not cooperate. If suspension occurs, students are still required to attend school. Parents will then be responsible for transportation to and from school. Transportation by school bus is a privilege, not a right, for an eligible student. (Minnesota Statutes, Sec. 4 (123.801).

Student rules include, but are not limited to:
2. Get on or off only at designated stop or school.
3. Follow instructions and cooperate with the bus driver.
4. Stay seated in assigned seat at all times.
5. Eating and drinking on the bus is prohibited.
6. Keep the bus litter-free. Throwing of any items on the bus is a safety hazard.
7. Keep prohibited items off the bus (i.e. weapons, live animals or insects, glass items, large recreational items, musical instruments that are too large to be held on the lap or put in the students own seat area). Keep the bus aisle and exits clear.
8. Talk quietly, using your “inside voice.” Use appropriate language.
9. Respect the bus and equipment. Students will be responsible for cost of damages. Bus riding privileges will be withheld until a plan of restitution is made.
10. Respect other students and their personal belongings.
11. All school rules and regulations are applicable while at the bus stop and on the bus. For example, the same alcohol and tobacco rules will apply and the same consequences administered as would be in school.

However, in the end, it is your responsibility to enroll in and pass the needed courses. It is essential that all students be familiar with requirements for a diploma from ERHS and know where they currently stand in progress toward earning that diploma.
Graduation requirements, course information and the planning guide in the yearly registration bulletin can be used in planning. All transcripts include current credit totals and courses passed to provide complete information for the student. Attendance and participation will be taken into consideration in determining whether credit will be given for a course. All Elk River High School graduates must meet those guidelines as outlined from the Department of Education. For more information on graduation requirements, contact the ISD 728 office at 763-241-3400.

2. The semester system: ERHS is on a semester system, two eighteen-week periods equaling thirty-six weeks. One semester is considered a unit of credit.

3. **43 credits are required to graduate.** These forty-three credits earned in grades 9-12 must include 6 credits of math, 6 credits of science, 7 credits of social studies, 8 credits of English, 1 credit of physical education, 1 credit of health and 2 credits of art, which may be met through music and some industrial tech classes. The remaining 12 credits are to be chosen from electives. All students will be offered Minnesota Comprehensive Assessment Tests (MCA). For more information regarding the MCA, please see the Appendix. Scores will be posted on official transcripts.

4. Graduation of exchange students: Students who are participating in an approved program such as AFS or Rotary International may be eligible for a diploma or a certificate of attendance if certain requirements are met. See Exchange Program for more information.

5. **Commencement Exercises:** The graduation ceremony is a voluntary and optional exercise. Students may be denied the privilege of the graduation ceremony at the discretion of the principal. Circumstances which could preclude a student from participating in the graduation ceremony include, but are not limited to: discipline infractions, repeated suspensions during the school year, and actions that cause an undue distraction to the overall functioning of the school. Students must be enrolled as a full-time student in ERHS during the semester of graduation or have completed all requirements for graduation prior to the start of the semester during which a student will graduate. Students meeting eligibility requirements after their intended year of graduation, may participate in a graduation ceremony with the next graduating class. Those students who choose to attend the ceremony may wear a cap and gown or if you choose not to wear the cap and gown you will be required to wear a white dress shirt/blouse and black slacks/skirt.

6. Seniors with a GPA of 3.0-3.50 are eligible for a white tassel. 3.51 and above are eligible for a gold tassel in addition to your red, black & white tassel. Your cumulative GPA is based on 8 semesters. If you wish to keep them both, there will be a cost.

7. Students must meet all reasonable obligations two days prior participating in graduation ceremonies. These obligations are as follows: makeup of class work, detention, fees, etc. and behavior requirements as outlined in the student handbook. A fee is required for cap and gown purchase. This fee may be waived if the student is on a free or reduced lunch program. Seniors who will be allowed to go through the ERHS ceremony are as follows:
   a. Graduates of the class. (Requisite credits and State graduation requirements met)
   b. PSEO students who will graduate with the class.
   c. ISD 728 Ivan Sand Community School graduates.
   d. Online 728 students where ERHS is their designated school.

8. In order to receive an ISD 728 diploma, you are allowed 2 additional credits per year (July 1–June 30) from outside programs while you are in attendance as a full time student in ISD 728. If these credits are not from a public secondary school, you must request prior approval from the administration. Those students who are enrolled in the PSEO program are exempt from this policy.

9. Students who fail or are at risk of failing to meet graduation eligibility requirements by mid-May will be notified of their status.

10. Students are required to complete 6 credits of science, including a biology credit. In addition, students in the graduating class of 2015 and beyond must complete 2 chemistry, physics, or Career and Technical Education (CTE) credits as part of the 6-credit requirement. (The CTE credit must meet the standards underlying the chemistry or physics credit.) For additional information on course offerings and credits please refer to the ISD 728 course registration guide.

**HIGH HONORS STATUS**
To be eligible for graduation with High Honors status, all semester grades will be included in your cumulative GPA. PSEO grades may or may not affect your honor status depending on grades being received by guidance from your PSEO school at the time of graduation. You must have a cumulative GPA of 4.0 and above after 8 semesters. To be considered for High Honors status, students may not have a Fail (F) or an Incomplete (I) on their report cards. All grades entered in the system after the completion of the 8th semester will be used in the calculation.

INDEPENDENT STUDY

Independent study contracts between students and teachers are permitted and only juniors and seniors will be permitted. The contracts may be arranged for up to two credits per contract. The objectives, resources and evaluation procedures are to be listed, with all required signatures, prior to the study. Students may not repeat an independent study for additional credit. The contract must be completed by the tenth (10th) day of the semester in which the work is to occur. Independent study contracts must be approved and submitted to administration and limited to one per semester.

SCHOOL RECORDS

1. The school has on file your grades, attendance, and standardized test scores since you began school. If you have attended several different schools, these records have followed you to this school and are on file here.
2. You and/or your parent/guardian may see the contents of these records by making an appointment to do so with the principal or counselor. The Counseling office legally has 45 days from the time you file a request to provide you with copies of file contents. You may have copies made of anything in the school record, at a cost to you of ten cents per sheet, but you are not permitted to take the original record out of the office. You or your parent or guardian may place any statements or items in your record that you want, if it pertains to your school-work.
3. To request an official transcript to be sent to a college or university, go to www.parchment.com or go to the Elk River High School website and click on the counseling tab and transcript link. Transcript requests are FREE to current students if the destination/college selected accepts electronic transcripts. There is no limit as to how many you request. If the destination selected does not accept electronic transcripts, a $2 mailing fee will apply.
4. You may also request of the counselors that items be removed from your file. In the event that you or your parent/guardian makes such a request the person in charge of the records may or may not grant the request. In the event the request is denied, you may appeal the decision to the principal.
5. Your records, or any part thereof, cannot be transferred in writing or orally to any other place without the written consent of you and your parent/guardian, with the exception of another public school in which you have already enrolled after transferring from this school. This means that your school will not and cannot by law, without first receiving consent from you and your parent/guardian:
   a. Send a transcript of your school record to a college, vocational school or university.
   b. Give information from your record to a prospective employer.

All students’ records will be treated in accordance with the provisions of Public Law 93-380, passed by Congress in 1974, and Chapter 479 of the 1974 Session Laws of the State of Minnesota. These laws and the resulting procedures described above also apply to the records of all graduates of this school.

ARTS/ACTIVITIES & ATHLETICS

ELIGIBILITY INFORMATION

Extra-curricular activities at Elk River High School include:
1. Competitive athletic activities
2. Competitive enrichment activities
3. Non-competitive athletic activities
4. Non-competitive enrichment activities

Academic Eligibility

The Minnesota State High School League requires that in order for students to be academically eligible to participate in MSHSL activities, they must be making satisfactory progress toward graduation. The Student Academic Eligibility chart defines “satisfactory progress” toward graduation. Scholastic eligibility for Special Education students is listed on the bottom of pg. 29. The following chart is to be used to define “satisfactory progress” toward graduation.
### Academics

A student earns academic eligibility to participate in extracurricular activities by achieving a grade point average of 2.0 or higher in a 4.0 system.

- Grades will be checked at the end of each semester. Students not achieving 2.0 in all subjects per semester will be placed on academic probation.
- Eligibility may be restored at the following semester or through progress reports with teachers.
- All entering ninth graders are academically eligible to participate in the fall extracurricular activities since grades earned in the eighth grade are not counted in determining high school academic eligibility. Middle school students who wish to participate in high school activities are permitted to do so by district policy. In the event there are unique and compelling reasons that achieving a 2.0 GPA is inappropriate for a student, the parents/guardians may appeal to the principal for a modification. If the parents/guardians disagree with the decision of the principal, they may appeal the decision to the Director of Education. If the appeal to the Director of Education does not resolve the issue, the parents/guardians may appeal to the Superintendent. If the appeal to the Superintendent does not resolve the issue, the parents/guardians may appeal to the School Board.

### SCHOLASTIC ELIGIBILITY FOR SPECIAL EDUCATION STUDENTS (ATHLETIC/ACTIVITIES)

1. Students in regularly organized special education classes must be making satisfactory progress toward the school’s requirements for the special education programs.
2. For the purpose of administering the policy, only those students with an Individual Education Plan (IEP) will be regarded as special education students. In order to be eligible for athletics/activities, special education students must be making satisfactory progress toward graduation.
3. The present Academic Eligibility policy applies to all students, including special education students. However, these guidelines could be waived based upon the IEP statement of progress toward graduation. An eligibility committee shall be called by the principal to hear appeals for waivers of the academic eligibility guidelines for
students with an IEP. The eligibility committee shall consist of the principal, the special education representative, and the athletic director.

4. All students out for activities will be expected to abide by the attendance and training rules as established by teams, coaches, and Elk River High School.

   **Note:** The above policy may also extend to non-special education students who are on 504 Plans.

### EXTRACURRICULAR ACTIVITIES

All students are encouraged to take part in activities outside of regular class work. There should be some activity offered in which you can do well and receive a great deal of enjoyment. The activity can be of great value to you as a person. Limitation in athletic activities of one per season is mandated by the Minnesota State High School League (MSHSL). Other limitations on all activities are at the discretion of the parent and student. If you are involved in a MSHSL activity, you’re responsible for following the MSHSL handbook.

### LETTERING

Letters may be earned in all athletics and some activities. Each coach/advisor has determined the requirements for earning a letter. These are on file in the main office.

### SPORTSMANSHIP IS EVERYBODY’S RESPONSIBILITY

The Northwest Suburban Conference’s vision for sportsmanship is built on expectations. It calls on the school community-teachers, coaches, students, parents, and directors of music, speech, debate, drama, etc., to strive for sportsmanship in everything they do by teaching the values and thought inherent in interscholastic activities.

The Good Sports Program is the plan that drives the NWSC vision for its member schools and students who pledge themselves to sportsmanship.

APPENDIX
Why statewide testing?
Minnesota values its educational system and the professionalism of its educators. Minnesota educators created the academic standards which are rigorous and prepare our students for career and college.

The statewide assessments are how we as a state measure that curriculum and daily instruction in our schools are being aligned to the academics standards, ensuring all students are being provided an equitable education. Statewide assessment results are just one tool to monitor that we are providing our students with the education that will ensure a strong workforce and knowledgeable citizens.

Why does participation matter?
A statewide assessment is just one measure of your student’s achievement, but your student’s participation is important to understand how effectively the education at your student’s school is aligned to the academic standards.

- In Minnesota’s implementation of the federal Every Student Succeeds Act, a student not participating in the statewide assessments will not receive an individual score and for the purpose of school and district accountability calculations, including opportunities for support and recognition, will not be considered “proficient.”
- Students who receive a college-ready score on the high school MCA are not required to take a remedial, noncredit course at a Minnesota State college or university in the corresponding subject area, potentially saving the student time and money.
- Educators and policy makers use information from assessments to make decisions about resources and support provided.
- Parents and the general public use assessment information to compare schools and make decisions about where to purchase a home or to enroll their children.
- School performance results that are publicly released and used by families and communities, are negatively impacted if students do not participate in assessments.
- English learners not taking ACCESS or Alternate ACCESS for ELLs will not receive a score to meet English learner program exiting criteria.

Academic Standards and Assessments
What are academic standards?
The Minnesota K-12 Academic Standards are the statewide expectations for student academic achievement. They identify the knowledge and skills that all students must achieve in a content area and are organized by grade level. School districts determine how students will meet the standards by developing courses and curriculum aligned to the academic standards.

What is the relationship between academic statewide assessments and the academic standards?
The statewide assessments in mathematics, reading, and science are used to measure whether students, and their school and district, are meeting the academic standards. Statewide assessments are one measure of how well students are doing on the content that is part of their daily instruction. It is also a measure of how well schools and districts are doing in aligning their curriculum and teaching the standards.

Minnesota Comprehensive Assessments (MCA) and Minnesota Test of Academic Skills (MTAS)
- Based on the Minnesota Academic Standards; given annually in grades 3–8 and high school in reading and mathematics; given annually in grades 5, 8, and high school for science.
- Majority of students take the MCA.
- MTAS is an option for students with the most significant cognitive disabilities.

ACCESS and Alternate ACCESS for English Learners
- Based on the WIDA English Language Development Standards.
- Given annually to English learners in grades K–12 in reading, writing, listening, and speaking.
- Majority of English learners take ACCESS for ELLs.
- Alternate ACCESS for ELLs is an option for English learners with the most significant cognitive disabilities.
Why are these assessments effective?

Minnesota believes that in order to effectively measure what students are learning, testing needs to be more than answering multiple choice questions.

- To answer questions, students may need to type in answers, drag and drop images and words, or manipulate a graph or information.
- The Reading and Mathematics MCA are adaptive, which means the answer a student provides determines the next questions the student will answer.
- The Science MCA incorporates simulations, which require students to perform experiments in order to answer questions.

All of these provide students the opportunity to apply critical thinking needed for success in college and careers and show what they know and can do.

Are there limits on local testing?

As stated in Minnesota Statutes, section 120B.301, for students in grades 1–6, the cumulative total amount of time spent taking locally adopted districtwide or schoolwide assessments must not exceed 10 hours per school year. For students in grades 7–12, the cumulative total amount of time spent taking locally adopted districtwide or schoolwide assessments must not exceed 11 hours per school year. These limits do not include statewide testing.

In an effort to encourage transparency, the statute also requires a district or charter school, before the first day of each school year, to publish on its website a comprehensive calendar of standardized tests to be administered in the district or charter school during that school year. The calendar must provide the rationale for administering each assessment and indicate whether the assessment is a local option or required by state or federal law.

What if I choose not to have my student participate?

Parents/guardians have a right to not have their student participate in state-required standardized assessments. Minnesota Statutes require the department to provide information about statewide assessments to parents/guardians and include a form to complete if they refuse to have their student participate. This form follows on the next page and includes an area to note the reason for the refusal to participate. Your student’s district may require additional information.

A school or district may have additional consequences beyond those mentioned in this document for a student not participating in the state-required standardized assessments. There may also be consequences for not participating in assessments selected and administered at the local level. Please contact your school for more information regarding local decisions.

When do students take the assessments?

Each school sets their testing schedule within the state testing window. Contact your student’s school for information on specific testing days.

- The MCA and MTAS testing window begins in March and ends in May.
- The ACCESS and Alternate ACCESS for ELLs testing window begins at the end of January and ends in March.

When do I receive my student’s results?

Each summer, individual student reports are sent to school districts and are provided to families no later than fall conferences. The reports can be used to see your child’s progress and help guide future instruction.

How much time is spent on testing?

Statewide assessments are taken one time each year; the majority of students test online. On average, the amount of time spent taking statewide assessments is less than 1 percent of instructional time in a school year. The assessments are not timed and students can continue working as long as they need.

Why does it seem like my student is taking more tests?

The statewide required tests are limited to those outlined in this document. Many districts make local decisions to administer additional tests that the state does not require. Contact your district for more information.

Where do I get more information?

Students and families can find out more on our Statewide Testing page (education.mn.gov > Students and Families > Programs and Initiatives > Statewide Testing).
Parent/Guardian Refusal for Student Participation in Statewide Assessments

To opt out of statewide assessments, the parent/guardian must complete this form and return it to the student’s school.

To best support school district planning, please submit this form to the student’s school no later than January 15 of the academic school year. For students who enroll after a statewide testing window begins, please submit the form within two weeks of enrollment. A new refusal form is required each year parents/guardians wish to opt the student out of statewide assessments.

Date __________________________ (This form is only applicable for the 20__ to 20__ school year.)

Student’s Legal First Name __________________________ Student’s Legal Middle Initial __________________________

Student’s Legal Last Name __________________________ Student’s Date of Birth __________________________

Please indicate the statewide assessment(s) you are opting the student out of this school year:

[ ] MCA/MTAS Reading [ ] MCA/MTAS Science

[ ] MCA/MTAS Mathematics [ ] ACCESS/Alternate ACCESS for ELLs

Contact your school or district for the form to opt out of local assessments.

I understand that by signing this form, my school and I may lose valuable information about how well my student is progressing academically. As a result, my student will not receive an individual score. Refusing to participate in statewide assessments may impact the school, district, and state’s efforts to equitably distribute resources and support student learning; for the purpose of school and district accountability calculations, my student will not be considered “proficient.”

If my student is in high school, I understand that by signing this form my student will not have an MCA score that could potentially save time and money by not having to take remedial, non-credit courses at a Minnesota State college or university.
