

Direct Teaching of Core Values

There are three main components of PBIS. The first is teaching and emphasizing our core values of:

Respecting Community, Others, Property, Self.

This includes the hallways, cafeteria, bathrooms, classrooms, playground, media center and bus. As you walk through our building you will notice signs that define our core values.

Rewarding Positive Behavior

The second component is an incentive system to reward students for meeting and exceeding the "Puma Pride" expectations which have been previously modeled and taught. Students earn "Puma Paws" for demonstrating "Puma Pride" across various school settings. Rewards may include:

- **Individual:** Student of the Week and Principal's Chair;
- **Classroom:** Keeper of "Pylo", the Golden Vacuum, the Golden Lunch Tray;
- **School-wide:** Celebrations are held when we have met our school-wide goals for demonstrating positive behavior.

Pawfect Puma Pride!

Behavior Support System

The final component of PBIS is informing all staff and students about behavioral expectations. Our staff has developed school-wide procedures for helping students make appropriate behavioral choices. We believe that consistency throughout the school is a key part in maintaining a positive school environment.

How can I support PBIS at home?

Behavior support plans are strengthened when they span across environments.

- Take an interest in Puma Pride: Ask your child about expectations and incentives.
- Use Puma Pride terminology at home: "Respect community, others, property, self".
- Volunteer and be an active participant in the school.
- Celebrate successes and discuss concerns.
- Set personal goals.
