

Please feel free to reach out to your school counselor for support. We are here to help you navigate new ways to continue to explore life after high school.

How do I send my high school transcript to colleges for admission?

You will still use Parchment to send your high school transcript electronically to colleges. Please visit the schools' counseling website for detailed instructions on how to send via Parchment.

- [RHS](#)
- [ZHS](#)
- ISCHS - Connect with advisor or counselor for details

How do I get a copy of my transcript for scholarships not offered through colleges? (Example, my parent's place of employment requests a copy of my transcript and sending through Parchment is not an option.)

You can print your unofficial transcript through your Infinite Campus account under **Reports**. If the scholarship donor will not accept this format, you can contact your school counselor and they can directly email the transcript to the contact. Some donors might not have a definite plan in place but we anticipate they will be willing to work with you given the circumstances. The key is for you to be in communication with the donors to find out what methods they will accept.

How do I send my final high school transcript to colleges?

Request your FINAL TRANSCRIPT via Parchment. Instead of clicking "Send Now", click "Hold for Grades". Once the semester has ended, your final transcript will be sent automatically.

How can I get forms signed by my school counselor for college admission and scholarships?

First, contact the college or donor to explain your situation with distance learning and find out what they will accept. Depending on what type of technology you have access to, you could ask if they will accept a screenshot or a picture or even a confirmation email from your school counselor verifying the needed information.

I was planning on visiting the college campus but they have canceled campus visits. How can I still learn more about campus life?

Until physically visiting a campus is an option again, utilize these resources to take a virtual campus tour. There are hundreds of colleges to choose from and even a virtual reality feature.

- [You Visit](#)
- [Campus Tours](#)

You can also email the college directly and ask what type of online resources they have available for you to review. Many colleges are now offering personalized virtual campus tours and virtual admission counselor appointments.

Paying the college application fee is a hardship for my family. How can I obtain a fee waiver?

Please contact your school counselor via email and they can send you directions on how to submit your fee waiver electronically.

How does COVID-19 affect Financial Aid?

If your family has experienced significant financial hardships due to the impact of COVID-19, you may be eligible to have your initial financial award letter reviewed again. Review your financial aid office's website for information about submitting reduced income or unusual non-discretionary expense appeals.

Have college admission deadlines, such as candidate reply dates and housing deposits, been extended?

Several colleges are extending these deadlines. You will need to confirm with each specific college directly for details. A great resource with compiled information is the [National Association for College Admission Counseling](#).

Can I still apply for scholarships?

Yes, and we strongly encourage you to do so. A great resource for searching for scholarships is the college's website in the admission or financial aid section. You can also contact places you or your family are involved with, such as your parents' place of employment, volunteer organizations, places of worship, and extracurricular activities. Also, research the tools below to find potential scholarships.

MCIS Financial Aid Sort: (login through MCIS via Rapid Identity using your student login information and locate under Education tab). Here is a link to the website.	

MCIS (MN Career Information System)

MCIS is a robust online tool to help you research careers, colleges, scholarships, jobs and prep for college placement exams. Some of our favorite assessments and tools are below to get you started. You can access MCIS through your Rapid Identity portal with your student login information. [Here](#) is a link to the website.

Assessments

Spend some time to really dig into your interests and match the things you enjoy doing to potential careers and majors by taking the Career Cluster Inventory and Interest Profiler.

Occupations

Once you find careers that match your interests, research wages, employment growth, required training, and job tasks through the Occupation tab.

Education

Take the School Sort to help you find colleges that have the needed training for your dream career and also find campuses that best fit your personality and interests. Complete the Financial Aid Sort to apply for scholarships to help you fund your education.

Employment

Use the Resume Creator tool to write a resume to help you find your summer job or internship. You can also find tips and websites for searching for jobs.

My Portfolio

Under the Test Prep feature, take free online ACT, SAT, PSAT and ASVAB practice tests.

Military

If you are interested in serving in the military, review the resources on MCIS to learn more about the process and important factors to consider. There is a wide variety of helpful information under the MCIS Occupations tab. You can study for the ASVAB (Armed Services Vocational Aptitude Battery) by taking free online practice tests. This information is found on MCIS under My Portfolio/Test Prep.

Parchment

You will still use Parchment to send your high school transcript electronically to colleges. Please visit the [Counseling website](#) for detailed instructions how to send via Parchment.

Credit Recovery

Credit Recovery for 4th quarter began on Monday, April 6th and will end on May 21st.

The Credit Recovery teachers are operating under the distance learning model to allow students to continue to make up their credits. Credit Recovery teachers are utilizing Schoology to place their course materials and conduct their classes. The materials can be accessed on Schoology on the day of the week their course meets.
