Title: Bullying Prohibition

1.0 PURPOSE

- 1.1 A safe and civil environment is needed for students to learn and attain high academic standards and to promote healthy human relationships. Bullying, like other violent or disruptive behavior, is conduct that interferes with students' ability to learn and teachers' ability to educate students in a safe environment.
- 1.2 The school district cannot monitor the activities of students at all times and eliminate all incidents of bullying between students, particularly when students are not under the direct supervision of school personnel. However, to the extent such conduct affects the educational environment of the school district and the rights and welfare of its students and is within the control of the school district in its normal operations, the school district intends to prevent bullying and to take action to investigate, respond to, and to remediate and discipline for those acts of bullying which have not been successfully prevented.
- 1.3 The purpose of this policy is to assist the school district in its goal of preventing and responding to acts of bullying, intimidation, violence, reprisal, retaliation, and other similar disruptive and detrimental behavior.

2.0 GENERAL STATEMENT OF POLICY

- 2.1 An act of bullying, by either an individual student or a group of students, is expressly prohibited on school premises, on school district property or at school functions or activities, or on school transportation. This policy also applies to any student whose conduct at any time or in any place constitutes bullying or other prohibited conduct that interferes with or obstructs the mission or operations of the school district or the safety or welfare of the student, other students, or materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges. This policy also applies to an act of cyberbullying regardless of whether such act is committed on or off school district property and/or with or without the use of school district resources.
- 2.2 No teacher, administrator, volunteer, contractor, or other employee of the school district shall permit, condone, or tolerate bullying.

- 2.3 Apparent permission or consent by a student being bullied does not lessen or negate the prohibitions contained in this policy.
- 2.4 Retaliation against a victim, good faith reporter, or a witness of bullying is prohibited.
- 2.5 False accusations or reports of bullying against another student are prohibited.
- 2.6 A student who engages in an act of bullying, reprisal, retaliation or knowingly making a false reporting of bullying shall be subject to discipline or other remedial responses for that act in accordance with school district's policies and procedures, including the school district's discipline policy (See School Board Policy 7030). A teacher, administrator, volunteer, contractor or other district employee of the school district who permits, condones or tolerates bullying or engages in an act of reprisal, retaliation or knowingly making a false report of bullying shall be subject to disciplinary action. The school district may take into account the following factors:
 - 2.6.1 The developmental and maturity levels of the parties involved;
 - 2.6.2 The levels of harm, surrounding circumstances, and nature of the behavior;
 - 2.6.3 Past incidences or past or continuing patterns of behavior;
 - 2.6.4 The relationship between the parties involved; and
 - 2.6.5 The context in which the alleged incidents occurred.
- 2.7 Consequences for students who commit acts of bullying or other prohibited conduct may range from remedial responses or positive behavioral interventions up to and including suspension and/or expulsion. The school district shall employ research-based developmentally appropriate best practices that include preventative and remedial measures and effective discipline for deterring violations of this policy, apply throughout the school district, and foster student, parent, and community participation.
- 2.8 Consequences for district employees who permit, condone, or tolerate bullying or engage in an act of reprisal or knowingly make a false report of bullying may result in disciplinary action up to and including termination or discharge.
- 2.9 The school district will act to investigate all complaints of bullying reported to the school district and will discipline or take appropriate action against any student, district employee, volunteer, or contractor of the school district who is found to have violated this policy.
- 3.0 DEFINITIONS

- 3.1 For purposes of this policy, the definitions included in this section apply.
- 3.2 "Bullying" means intimidating, threatening, abusive, or harming conduct that is objectively offensive and:
 - 3.2.1 an actual or perceived imbalance of power exists between the student engaging in the prohibited conduct and the target of the prohibited conduct, and the conduct is repeated or forms a pattern; or
 - 3.2.2 materially and substantially interferes with a student's educational opportunities or performance or ability to participate in school functions or activities or receive school benefits, services, or privileges.
- 3.3 "Cyberbullying" means bullying using technology or other electronic communication, including, but not limited to, a transfer of a sign, signal, writing, image, sound, or data, including a post on a social network Internet website or forum, transmitted through a computer, cell phone, or other electronic device. The term applies to prohibited conduct which occurs on school premises, on school district property, at school functions or activities, on school transportation, or on school computers, networks, forums, and mailing lists, or off school premises to the extent that it substantially and materially disrupts student learning or the school environment.
- 3.4 "Immediately" means as soon as possible but in no event longer than one school day.
- 3.5 "Intimidating, threatening, abusive, or harming conduct" means, but is not limited to, conduct that does the following:
 - 3.5.1 Causes physical harm to a student or a student's property or causes a student to be in reasonable fear of harm to person or property;
 - 3.5.2 Under Minnesota common law, violates a student's reasonable expectation of privacy, defames a student, or constitutes intentional infliction of emotional distress against a student; or
 - 3.5.3 Is directed at any student or students, including those based on a person's actual or perceived race, ethnicity, color, creed, religion, national origin, immigration status, sex, marital status, familial status, socioeconomic status, physical appearance, sexual orientation including gender identity and expression, academic status related to student performance, disability, or status with regard to public assistance, age, or any additional characteristic defined in the Minnesota Human Rights Act (MHRA). However, prohibited conduct need not be based on any particular characteristic defined in this paragraph or the MHRA.
- 3.6 "On school premises, on school district property or at school functions or activities or on school transportation" means all school district buildings, school grounds, and school property, school bus stops, school buses, school vehicles,

school contracted vehicles, or any other vehicles approved for school district purposes, the area of entrance or departure from school grounds, premises, or events, and all school-related functions, school-sponsored activities, events, or trips. While prohibiting bullying at these locations and events, the school district does not represent that it will provide supervision or assume liability at these locations and events.

- 3.7 "Prohibited conduct" means bullying or cyberbullying as defined in this policy or retaliation or reprisal for asserting, alleging, reporting, or providing information about such conduct or knowingly making a false report about bullying.
- 3.8 "Remedial response" means a measure to stop and correct the prohibited conduct, prevent prohibited conduct from recurring, and protect, support, and intervene on behalf of a student who is the target or victim of prohibited conduct.
- 3.9 "Student" means a student enrolled in a public school or a charter school.
- 3.10 "District employee" includes but is not limited to administrators, educators, aids, school counselors, social workers, psychologists, other school mental health professionals, school nurses, cafeteria workers, custodians, bus drivers, athletic coaches, extracurricular activities advisors, and paraprofessionals.

4.0 REPORTING PROCEDURE

- 4.1 Any student who believes he or she has been the victim of bullying should report the alleged acts immediately to an appropriate school district official designated by this policy. Any teacher, administrator, volunteer, contractor, or other district employee of the school district with knowledge or belief of conduct that may constitute bullying or prohibited conduct under this policy shall report the alleged acts immediately to an appropriate school district official designated by this policy. A person may report bullying anonymously. However, the school district may not rely solely on an anonymous report to determine discipline or other remedial responses.
- 4.2 The school district encourages the reporting party or complainant to use the report form available from the principal or building supervisor of each building or available in the school district office, but oral reports shall be considered complaints as well.
- 4.3 The building principal or the principal's designee or the building supervisor (hereinafter the "building report taker") is the person responsible for receiving reports of bullying or other prohibited conduct at the building level. Any person may report bullying or other prohibited conduct directly to a school district human rights officer or the superintendent. If the complaint involves the building report taker, the complaint shall be made or filed directly with the superintendent or the school district human rights officer by the reporting party or complainant.
 - 4.3.1 The building report taker shall ensure that this policy and its procedures,

practices, consequences, and sanctions are fairly and fully implemented and shall serve as the primary contact on policy and procedural matters. The building report taker or a third party designated by the school district shall be responsible for the investigation. The building report taker shall provide information about available community resources to the target or victim of the bullying or other prohibited conduct, the perpetrator, and other affected individuals as appropriate.

- 4.4 A teacher, school administrator, volunteer, contractor, or other district employee shall be particularly alert to possible situations, circumstances, or events that might include bullying. Any such person who witnesses, observes, receives a report of, or has other knowledge or belief of conduct that may constitute bullying or other prohibited conduct shall make reasonable efforts to address and resolve the bullying or prohibited conduct and shall inform the building report taker immediately. School district personnel who fail to inform the building report taker of conduct that may constitute bullying or other prohibited conduct or who fail to make reasonable efforts to address and resolve the bullying or prohibited conduct in a timely manner may be subject to disciplinary action.
- 4.5 Reports of bullying or other prohibited conduct are classified as private educational and/or personnel data and/or confidential investigative data and will not be disclosed except as permitted by law. The building report taker, in conjunction with the responsible authority, shall be responsible for keeping and regulating access to any report of bullying and the record of any resulting investigation.
- 4.6 Submission of a good faith complaint or report of bullying or other prohibited conduct will not affect the complainant's or reporter's future employment, grades, or work assignments, or educational or work environment.
- 4.7 The school district will respect the privacy of the complainant(s), the individual(s) against whom the complaint is filed, and the witnesses as much as possible, consistent with the school district's obligation to investigate, take appropriate action, and comply with any legal disclosure obligations.

5.0 SCHOOL DISTRICT ACTION

- 5.1 Within three school days of the receipt of a complaint or report of bullying or other prohibited conduct, the school district shall undertake or authorize an investigation by school district officials or a third party designated by the school district. The investigation will be completed within 10 school days, unless the principal/designee grants in writing an extension due to extenuating circumstances.
- 5.2 The building report taker or other appropriate school district officials may take immediate steps, at their discretion, to protect the target or victim of the bullying or other prohibited conduct, the complainant, reporter, students, or others pending completion of an investigation of bullying or other prohibited conduct, consistent with applicable law.

- 5.3 The alleged perpetrator of the bullying or other prohibited conduct shall be allowed the opportunity to present a defense during the investigation or prior to the imposition of discipline or other remedial responses.
- 5.4 Upon completion of the investigation that determines that bullying or other prohibited conduct has occurred, the school district will take appropriate action. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination, discharge, referral to a bullying intervention program and/or referral to law enforcement for investigation. Disciplinary consequences will be sufficiently severe to try to deter violations and to appropriately discipline prohibited behavior. Remedial responses to the bullying or other prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy. School district action taken for violation of this policy will be consistent with the requirements of applicable collective bargaining agreements; applicable statutory authority, including the Minnesota Pupil Fair Dismissal Act; the student discipline policy (See District Policy 7030) and other applicable school district policies; and regulations.
- 5.4 The school district is not authorized to disclose to a victim private educational or personnel data regarding an alleged perpetrator who is a student or district employee of the school district. School officials will notify the parent(s) or guardian(s) of students who are targets of bullying or other prohibited conduct and the parent(s) or guardian(s) of alleged perpetrators of bullying or other prohibited conduct who have been involved in a reported and confirmed bullying incident of the remedial or disciplinary action taken, to the extent permitted by law.
- 5.5 In order to prevent or respond to bullying or other prohibited conduct committed by or directed against a child with a disability, the school district shall, when determined appropriate by the child's individualized education program (IEP) team or Section 504 team, allow the child's IEP or Section 504 plan to be drafted to address the skills and proficiencies the child needs as a result of the child's disability to allow the child to respond to or not to engage in bullying or other prohibited conduct.
- 6.0 RETALIATION OR REPRISAL
- 6.1 The school district will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other district employee of the school district who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment. Disciplinary consequences will be sufficiently severe to deter

violations and to appropriately discipline the individuals(s) who engaged in the prohibited conduct. Remedial responses to the prohibited conduct shall be tailored to the particular incident and nature of the conduct and shall take into account the factors specified in Section II.F. of this policy.

7.0 TRAINING AND EDUCATION

7.1 The school district shall discuss this policy with school personnel and volunteers and provide appropriate training to school district personnel regarding this policy. The school district shall establish a training cycle for school personnel to occur during a period not to exceed every three school years. Newly employed school personnel must receive the training within the first year of their employment with the school district. The school district or a school administrator may accelerate the training cycle or provide additional training based on a particular need or circumstance. This policy shall be included in employee handbooks, training materials, and publications on school rules, procedures, and standards of conduct, which materials shall also be used to publicize this policy.

7.2 The school district shall require ongoing professional development, consistent with Minn. Stat. 122A.60, to build the skills of all school personnel who regularly interact with students to identify, prevent, and appropriately address bullying and other prohibited conduct. Such professional development includes, but is not limited to, the following:

7.2.1 Developmentally appropriate strategies both to prevent and to immediately and effectively intervene to stop prohibited conduct;

7.2.2 The complex dynamics affecting a perpetrator, target, and witnesses to prohibited conduct;

7.2.3 Research on prohibited conduct, including specific categories of students at risk for perpetrating or being the target or victim of bullying or other prohibited conduct in school;

7.2.4 The incident and nature of cyberbullying; and

7.2.5 Internet safety and cyberbullying.

7.2 The school district annually will provide education and information to students regarding bullying, including information regarding this school district policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to prevent bullying and other prohibited conduct.

7.3 The administration of the school district is directed to implement programs and other initiatives to prevent bullying, to respond to bullying in a manner that does not stigmatize the target or victim, and to make resources or referrals to resources available to targets or victims of bullying.

- 7.4 The administration is encouraged to provide developmentally appropriate instruction and is directed to review programmatic instruction to determine if adjustments are necessary to help students identify and prevent or reduce bullying and other prohibited conduct, to value diversity in school and society, to develop and improve students' knowledge and skills for solving problems, managing conflict, engaging in civil discourse, and recognizing, responding to, and reporting bullying or other prohibited conduct, and to make effective prevention and intervention programs available to students.

The administration must establish strategies for creating a positive school climate and use evidence-based social-emotional learning to prevent and reduce discrimination and other improper conduct.

The administration is encouraged, to the extent practicable, to take such action as it may deem appropriate to accomplish the following:

- 7.4.1 Engage all students in creating a safe and supportive school environment;
 - 7.4.2 Partner with parents and other community members to develop and implement prevention and intervention programs;
 - 7.4.3 Engage all students and adults in integrating education, intervention, and other remedial responses into the school environment;
 - 7.4.4 Train student bystanders to intervene in and report incidents of bullying and other prohibited conduct to the schools' primary contact person;
 - 7.4.5 Teach students to advocate for themselves and others;
 - 7.4.6 Prevent inappropriate referrals to special education of students who may engage in bullying or other prohibited conduct; and
 - 7.4.7 Foster student collaborations that, in turn, foster a safe and supportive school climate.
- 7.5 The school district may implement violence prevention and character development education programs to prevent and reduce policy violations. Such programs may offer instruction on character education including, but not limited to, character qualities such as attentiveness, truthfulness, respect for authority, diligence, gratefulness, self-discipline, patience, forgiveness, respect for others, peacemaking, and resourcefulness.
- 7.6 The school district shall inform affected students and their parents of rights they may have under state and federal data practices laws to obtain access to data related to an incident and their right to contest the accuracy or completeness of the data. The school district may accomplish this requirement by inclusion of all or applicable parts of its protection and privacy of pupil records policy (See District Policy 7002) in the student handbook.

8.0 NOTICE

- 8.1 The school district will give annual notice of this policy to students, parents or guardians, and staff, and this policy shall appear in the student handbook.
- 8.2 This policy or a summary thereof must be conspicuously posted in the administrative offices of the school district and the office of each school.
- 8.3 This policy must be given to each district employee and independent contractor who regularly interacts with students at the time of initial employment with the school district.
- 8.4 Notice of the rights and responsibilities of students and their parents under this policy must be included in the student discipline policy (See District Policy 7030) distributed to parents at the beginning of each school year.
- 8.5 This policy shall be available to all parents and other school community members in an electronic format in the language appearing on the school district's or a school's website.
- 8.6 The school district shall provide an electronic copy of its most recently amended policy to the Commissioner of Education.

9.0 POLICY REVIEW

- 9.1 To the extent practicable, the school board shall, on a cycle consistent with other school district policies, review and revise this policy. The policy shall be made consistent with Minn. Stat. 121A.031 and other applicable law. Revisions shall be made in consultation with students, parents, and community organizations.
