Due to a Campus update, the registration process looks slightly different than previous years. If you have any issues, please follow this slideshow to guide you through the process.
When you log in, click on the menu bars, and then select More.
Then select Course Registration.
Then select the school (there should only be RHS as an option).

Then click on Add Course.
Courses can be searched, or scroll through the list. Click the + sign to add the course request.
Course can be added as a Request or an Alternate, or Cancel if desired.
When you have completed your registration, you should have

- 12 Requested courses (units)
- and 5 Alternate courses (units).

If you are selecting a year-long course, be sure to enter both course numbers.

You will not be asked to save your selections, courses will be saved automatically.
