**NO STUDENT WILL BE ALLOWED TO RE-ENTER IF THEY LEAVE.**

**Coat Check**

There will be a place for students to hang coats, however, it is strongly encouraged that students bring all of their items to their table after the Grand March as the area will not be monitored all of the time.

**Grand March/Entrance**

Once students arrive they will proceed to the entrance line. Once at the front of the line, they will be formally introduced to the crowd and live stream. They will also get their picture taken by our hired photographer. Once through the line and have had their picture taken they should find their table and mingle with their table mates until dinner starts. Students will be allowed to remove their masks while participating in the Grand March and working with the photographer.
