 **Student School Day:** 8:15 a.m. to 2:55 p.m.

 **Principal:** Kari Sampson

About Prairie View

- » Prairie View is currently under construction and will open in Fall 2017.
- » Located near the intersection of Maclver Avenue Northeast and 80th Street Northeast in Western Otsego.
- » Prairie View was the centerpiece of a \$98 million district-wide building campaign, approved by voters in the November 2014 general election.
- » The school building will cover about 124,000 square feet and house hundreds of students from the southern part of the school district.
- » It will also be the first building in ISD 728 to house early education learners, K-5 students as well as middle school students.
- » Prairie View will create optimal learning for students by incorporating both innovative and flexible learning spaces and extensive use of natural light.

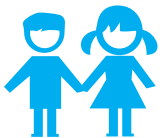

Prairie View Highlights

- » Sixth grade students will be enrolled in the same allied courses (art, coding, FACS and industrial technology) and have the same music options as their peers in other middle schools in ISD 728.
- » Students will receive the same specialist classes (art, music, physical education, media and technology) as all elementary students in our district.
- » Students will live up to the district's mission in order to shape their future, accomplish their dreams and contribute positively to our local and global communities.

Academics
