

ZIMMERMAN MIDDLE/HIGH SCHOOL

On **November 5, 2019**, residents of ISD 728 will decide whether to increase school funding through two referendum questions. The School Board unanimously approved holding a referendum after a year and a half of community input, research and planning.

WHAT WILL ZIMMERMAN MS/HS GET?

If both questions are approved, the district would:

- ▶ **Create** a multi-purpose field to accommodate physical education activities and athletic events for both boys and girls.
- ▶ **Update** facilities including track, concession areas, restrooms and locker areas.
- ▶ **Renovate** and **improve** the building aligned with capacity, programming and extra-curricular activities for all levels, including weight room, locker rooms and fitness areas.
- ▶ **Add** a baseball field to the campus.
- ▶ **Add** additional parking.
- ▶ **Improve** spaces for learning, including flexible learning areas and spaces for student support.
- ▶ **Update** and **upgrade** restrooms and toilet facilities as needed.
- ▶ **Improve** storage spaces for activities and classes.
- ▶ **Replace** and **upgrade** failing heating and cooling systems.

QUESTION 1

An operating levy increase to address high class sizes and fund school materials, student support and academic programs.

QUESTION 2

Bond funds to address enrollment growth, deferred maintenance needs across the district's more than 20 buildings, increasing learning spaces, and improving outdated and inadequate physical education and athletic facilities at all three traditional high schools.

Question 2 can only pass if Question 1 is approved

IF VOTERS APPROVE BOTH QUESTIONS

- ▶ Both questions would address classroom, budget and building needs across the district and at every level — **benefiting ALL students.**
- ▶ Funds would support our community's values as outlined in the community-developed Strategic Plan and identified in community surveys.
- ▶ ISD 728 would have more stable funding while being able to:
 - » **Address** growing enrollment.
 - » **Improve** equity and access to quality learning environments for ALL students.
 - » **Help** protect our community's investment in its schools.

IF VOTERS DO NOT APPROVE BOTH QUESTIONS

There would be continued budget cuts and inadequate funding for our school buildings, resulting in:

- ▶ Increased class sizes.
- ▶ Inadequate and inequitable spaces for students from one area of the district to another, such as classroom spaces, indoor physical education and outdoor athletic facilities.
- ▶ Boundary changes to accommodate space for enrollment growth.
- ▶ Decreased academic support for struggling students.
- ▶ Fewer and outdated classroom resources for students.
- ▶ A growing list of building maintenance needs without adequate funding to address them.
- ▶ Elimination of some learning spaces dedicated to art, music and early childhood to accommodate student enrollment growth in grades K-12.
- ▶ Increased walking distance at all levels, because fewer students would be eligible for bus transportation.
- ▶ Pressing building needs funded through a lease levy, which **costs more for taxpayers** and is more limited in what it can cover.
